uivigno Carosello 3000 Val Federia

Livigno, Plaza Placheda - Tea dal Pel - Stazione intermedia - Carosello 3000 - Cheseira da Fedaria - Parcheggio Pont de la Calcheira

This is a classical route winding around Livigno and its territory. Its hard climb can be avoided by taking the Carosello 3000 cableway, which works in summer time too. At the beginning of the descent the marvellous sigle trail is waiting for us, whose track runs on the slope downhill the length of Val Federia. Otherwise we can also choose between two alternative ways: the one going from the panoramic balcony of the Monte de la Resa and the other composed by the two descents towards Livigno along the eastern slope of the Dosso della Blesaccia. The first one follows the skilifts service dirt roads up to the Ristoro Costaccia and then it joins with the route n. 32 of this guidebook; the second one turns right just before the inn on the Way n. 159, crosses Plan de la Montanela and returns to the halfway station of Carosello 3000 and then to Livigno. In any case the views on the valley from Carosello 3000 lift and its descents are superb.

You start from the car park in Plaza Placheda 1880 m sign Way n. 192 and immediately begin the long haul ahead on the dirt road, which passes past Tea del Pel 2000 m sign Way n. 157, gets to the halfway station of the cableway 2226 m and at the end of a switchbacked climb reaches Carosello 3000 2737 m. You begin the downhill ride always on the dirt road n. 163. You quickly reach the diversion at 2610 meters and take the single trail to the Cheseira da Fedaria 2210 m. From here on please read the description of the previous route n. 33.

Start:Livigno, Plaza Placheda

Arrival: Parcheggio Pont de la Calcheira
