Santa Caterina Valfurva features several stunning itineraries which are just perfect for cross-country skiing enthusiasts. Valtellina track is structured along a wide plain and thick woods at an altitude of 1800 m. It is characterized by 5 and 10 km rings and ups and downs between 190 m and 390 m of altitude. The track shows original technical solutions and a demanding slope: they are much appreciated by the most experienced cross-country skiers.
